**COMPLAINT ISSUES:**

Whether the Vigo County School Corporation and the Covered Bridge Special Education District violated:

- 511 IAC 7-27-3(e)(2) with regard to the school's alleged failure to include in the January 5, 2001 case conference committee meeting, an individual who could interpret the instructional implications of evaluation results.

**FINDINGS OF FACT:**

1. The student is a fifteen-year-old, ninth-grader who has been determined eligible for special education and related services due to Other Health Impairment.
2. At the January 5, 2001 meeting, the CCC reviewed the "Treatment Summary" (Summary) prepared by the Student's private psychologist. The Summary did not include any evaluation results.

**CONCLUSIONS:**

1. Finding of Fact #2 reflects that the document in question was not an evaluation report that required the school to provide an individual who could interpret its instructional implications. Therefore, no violation of 511 IAC 7-27-3(e)(2) is found.

**The Department of Education, Division of Special Education requires no corrective action based on the Findings of Fact and Conclusions listed above.**
